

# MORDOR TROLL

The forces of Evil become even more powerful in September with the release of the Mordor Troll! This armored behemoth is another addition to the Premium Line, and is an impressive likeness. You will almost feel the table shake as he is moved across the battlefield, ready to destroy anyone who stands in his way.

But the forces of Good have not been left out! Striding onto the battlefield to do battle with The Mordor Troll is none other than King Elessar himself! This version of Aragorn will be eagerly welcomed in any collection.

Both of these figures feature the great sculpts that Sabertooth is known for. The Troll's armor is nicely detailed, with each plate standing out with weathering and wear visible. The helmet doesn't obscure the detailed face either. The expression of rage clearly shows and the teeth look ready to tear and rend. Add the formidable looking sword, and this piece is spectacular.

Aragorn's regal bearing is in evidence as well, holding the reformed Narsil at the ready. His facial features are unmistakable. This figure looks like it stepped right off the screen and into your collection.

As fantastic as these figures will look on your display shelf, don't leave them there. King Elessar is a formidable fighter as well as a leader. The Mordor Troll is a Large figure that will give an evil army a psychological edge as well as bringing power to the table. You'll be recreating epic battles that will decide the final fate of the world. Will the King return to vanquish Evil? Will the Mordor Troll ensure victory for his Dark Master? That's up to you!

You want more? There is also a Berserker Mordor Troll. Hmm... I wonder what one of his Special Abilities is? This incredible warrior will be packed in a 1:6 ratio and is sure to be highly sought after.

September will see a lot blood shed on our maps... and much of that will be spilt by King Elessar and the Mordor Troll. Will it be on your behalf or your opponents?
